March/April 2009

From Billy's Desk

The first two months of 2009 have been quite busy for me. Just getting the end of the year financial report ready took a lot of time. From that information I was able to prepare a budget for 2010 that was presented to the Executive Board at their February meeting. We all know how hard it is to predict what will be needed a full year in advance. I did not increase the budget for the third year.

Our first set of workshops for pastor's and Sunday School workers was what I consider a success. A total of 48 attendees listened to Bro. F.L. Efird and Bro. Eddie Moody as they shared their hearts concerning helping others be better students of God's Word. I look forward to planning more of these workshops in other parts of our state.

I have also been blessed to be able to preach in eight of our churches during this time. How wonderful it is to watch as God's Spirit moves during the invitation at the end of these services. I was also able to attend three of our association meetings. I especially enjoyed preaching at the Randall meeting.

I hope you have had time to look at the new web-site. Bro. Doug Western has done a great job of getting it ready. Churches should share their activities on the announcement page. Send your announcement for special events to westernwebweaver@yahoo.com. Also send your church web address so others can connect to your link.

On the back of this newsletter you will find a copy of the program for our state association. Please begin now to pray for the speakers, singers, and those who will preside over the services and the business sessions. Motel information and pre-registration forms will be sent out in about two weeks. I am praying we will have our best state association ever.
